

for older japanese diesels

J-Tech Diesel

Valvoline J-Tech SAE 15W-40 is premium high ash diesel engine oil and is manufactured from high quality base oil stock and selected additives to produce shear stable oil with high oxidation resistance, contributing to longer life. Valvoline J-Tech SAE 15W-40 has been specifically formulated to meet manufacturer's requirements for many Japanese engines (consult OEM recommendations).

- Maximises engine cleanliness.
- Reduces ring wear.
- Overcome bore polishing and glazing.
